

FISTFUL OF BLOOD

"Yojimbo" collides with "Last Man Standing" in this insane goth horror, spaghetti Western, ripped from the minds and pencils of Kevin Eastman and comic book fan favorite, Simon Bisley.

Deadly and sexy, a voluptuous female gunfighter wanders into an isolated, semi-abandoned "ghost town" deep in the badlands of the American Southwest. She soon finds herself caught in a violent, three way turf war between desperate townies, and battling gangs of vampires and zombie outlaws.

This dangerous "bad girl" is quickly forced to put her deadly guns to use in an effort to survive the battle for the soul of the town and save the lives of the innocent caught in the supernatural crossfire. Hot chicks, six guns, and armies of the ghoulish undead-- Sergio Leone was never like this!
