Let Me PROVE I Can Make YOU A NEW MAN!

ARE you "fed up" with seeing the huskies walk off with the best of everything? Sick and tired of being soft, frail, skinny or flabby - only HALF ALIVE? I know just how you feel. Because I myself was once a puny 97-pound "runt." And I was so ashamed of my scrawny frame that I dreaded being seen in a swim suit. **The Secret of How I Got My Build** Then I discovered a wonderful way to develop my body fast. It worked wonders for me - changed me from the scrawny "runt" I was at 17, into "The World's Most Perfectly Developed Man." And I can build up YOUR body the very same natural way - without weights, springs or pulleys. Only 15 minutes a day of pleasant practice - in the privacy of your room. My "Dynamic-Tension" method has already helped thousands of other fellows become real he-men in double-

quick time. Let it help YOU. Not next month or next year - but Right NOW!

"Dynamic-Tension" Builds Muscles FAST!

If you're like I was, you want a powerful, muscular, well-proportioned build you can be proud of any time, anywhere. You want the "Greek-God" type of physique that women rave about at the beach - the kind that makes other fellows green with envy.

Manage in the Majors with STRAT-O-MATIC BASEBALL

Play the original
computer-programmed baseball game
that puts you in the Manager's Seat
in every Big League ballpark in the country.

Ever wonder why the experts do so poorly when it comes time to pick the Pennant winners every spring? It's because ballgames are decided by more than the "paper skills" of the players. Strategy and "breaks" often put a ballgame in the won or lost column. And that's the way we designed STRAT-O-MATIC. So players' abilities count heavily—but so does strategy and Lady Luck. You probably couldn't win a Pennant with the longshot San Diego Padres—but your daredevil managing might move them up higher in the standings than the experts predicted.

Like on the diamond, STRAT-O-MATIC begins when you make up your lineup. You know southpaw fastballer Mickey Lolich will be on the mound for Detroit against your Baltimore Orioles. Do you bench fence-bustin' portside Boog Powell and play the righty-lefty percentages by putting righty Earl Williams in your lineup? YOUR decision might mean the ballgame.

YOU CALL THE SHOTS

What do you do when the hitters begin to peck away at your tiring starting pitcher in the late innings? Maybe you should give him the hook with the heavy artillery on deck. But who do you bring in from the bullpen—the flame throwing rookie with the gaudy K record—or the wily vet who keeps the ball down and makes 'em hit it into the dirt? In

tell you whether you made the right decision. Would you dare cross up the Mets by having Hammerin' Hank Aaron lay down a bunt to spoil ace Tom Seaver's no-hitter? Or how about sending aging base thief Lou Brock to second with rifle-armed Johnny Bench behind the bat? Suicide? Did you ever think the Reds might get careless about holding Brock on because they're overconfident?

YOU REACT TO REAL GAME SITUATIONS

You really have to manage in STRAT-O-MATIC—take charge. The bows for winning are all yours—and so are the raps for losing. Only STRAT-O-MATIC gives you this kind of on-field realism. It's not just a game of luck, or statistics (although no other game comes close to computing ALL the vital facts into their game). STRAT-O-MATIC is the game that's been getting fans involved in every element of Major League Baseball for 10 years.

THE ONLY GAME FOR FANS

If you love baseball, nothing but STRAT-O-MATIC will do. It can be played in a basic version for younger players. Or the no-plays-barred way that puts you right in the dugout with Weaver, Durocher, Houk, Aiston and Berra. STRAT-O-MATIC...there's nothing like it this side of homeplate.

Exclusive STRAT-O-MATIC features for '74:

- Pitcher's stamina factor now computed into pitching records.
- Individual batter's performances computed against righty and lefty pitching.
- Each pitcher rated against both righty and lefty batters.

STRAT-O-MATIC. YOU'RE the manager. It's YOUR decision.

A good Big League Manager knows when to play his hunches—and when to play percentages. How about you? A roll of the dice will

THREE SECONDS: AND ANOTHER TWO SECONDS FOR HIM TO ACT--

THE SPIDER'S WEB

SEND YOUR LETTERS TO:

THE MARVEL COMICS GROUP, SIXTH FLOOR 575 MADISON AV., NEW YORK, N.Y. 10022

Dear Roy, Gerry, and Ross,

I must say I put my foot in it when I said that Gil Kane was the only artist to draw Spidey. Since taking over SPIDER-MAN, Ross Andru has steadily improved to the point that I hope he continues on the book for a long time to come. Issues 129 and 130 were exceptionally fine. Going over them carefully, I found that Ross had paced both issues extremely well. He left enough room all around for glimpses at Harry, Mary Jane, J.J.J., and Peter Parker as himself and the web-slinger. Ross has been drawing some fine perspective shots of Spidey in action, and he's putting lots of detail into his backgrounds. Keep up the great work, Ross. When it comes to Marvel, I don't mind comin' up red-faced once in a while.

Gerry Conway, what can I say? In one issue #130, you've given us the return of Hammerhead, the Spider-Mobile, Aunt May marrying Doc Ock, and the further mystery of the Jackal. I wasn't sure what to think when I first read about the Spider-Mobile, but I believe you may just have pulled it off, playing things for laughs. This Jackal character has me stumped. I've always enjoyed those "who's hidin' behind the mask?" stories in SPIDEY, since the days of the Crime-Master. Half the fun is having an excuse to look through my SPIDEY collection trying to figure out who it could be. Doc Ock's marrying of Aunt May on the last page was the kind of wholly unexpected thing you guys spring on us from time to time, trying to see if we have weak hearts. You people are gonna have a lot of mail to read after this one; I guarantee it.

Ralph Macchio,
188 Wilson Dr.
Cresskill, N.J. 07626

Our thanks, Ralph, for the good words and kind wishes. You'll be happy to know that most of Marveldom agreed with your assessment of SPIDER-MAN #130. An overwhelming majority praised it as one of our recent best.

On the other hand...

Not everyone was so sure that we "just may have pulled off" the Spider-Mobile shtick. A representative comment follows.

Dear Stan, Roy, and Gerry,

Having been a SPIDER-MAN reader for more than seven years, I have had an opportunity to watch you guys take Spidey through numerous fluctuations. Generally, the writing is superb, with an occasional "off" issue. SPIDER-MAN #130, however, was the all-time low. The Spider-Mobile?!? Aargh!!! Surely you've learned (through your comics and your competitors'), that such contrivances do nothing but subtract from the reality and appeal of a high-class comic such as SPIDER-MAN. You gave Captain America a normal, everyday motorcycle. Originally, Peter Parker had the same thing.

Then why the Spider-Mobile? What's more, why have Spidey ride into battle with it, especially when he is much more mobile when just using his manufactured webbing? My point is, please get rid of the Spider-Mobile, and I will try to forget that it ever existed as a blemish on the writing prowess of Gerry. Thanks.

Roger Schwed
151 West 86th St.
New York, N.Y. 10024

If you recall, Rog, we accidentally let slip (in SPIDEY #129) that the Spider-Mobile was headed for a rather strange fate. We won't say any more on that score just yet, but we think we can safely promise that what finally becomes of that gas-guzzling wonder will please both the "realism" supporters, who opposed its introduction, and the "wildness" supporters, who applauded same. Okay?

Dear People,

I am really shook by the appearances of the self-righteous executioners that are popping up in your mags. The Hangman from WEREWOLF BY NIGHT and the Punisher (from SPIDER-MAN) are prime examples of them. The Hangman was a mental defective who might warrant sympathy, if not for his murderous activities. The Punisher seems like his head's together, except for his "the only good criminal is a dead criminal" attitude. I'm not saying that every lawbreaker is a product of a bad environment, a mixed-up kid, or a thrillseeker. There are vicious and unprincipled people for

whom the only answer is imprisonment. But these murdering vigilantes ignore the ideals of the Founding Fathers concerning punishment fitting the crime. A lot of "criminals" could be helped by the rehabilitative rather than the punishing aspects of penal institutions. I realize that the two characters, I've mentioned are products of a very real condition that exists in the world. However, I hope the embodiment of this idea never materializes in our world on any grand scale.

Brad Oseland
447 Dulaney Avenue
Woodriver, Ill. 62095

Amen, Brad. Amen.

It's unfortunate, but the world is filled with complicated questions and men who insist on finding too-simple answers. The Punisher, the Hangman, and the Foolkiller (from MAN-THING) are examples of such men. We hope you—and the rest of Marveldom Altogether—clearly understand that by telling their stories we are in no way endorsing their solutions, only examining them.

(Though we must add: there's more, far more, to the Punisher than was revealed in that first story. And we'll be exploring his character again more closely and more fully in the near future.)

Gentlemen:

The Question: Who is he?

The man in doubt: the Jackal.

The man behind the mask: HARRY OSBORN!

Go back to his father, Norman Osborn, the Green Goblin. Remember his style of speaking? Remember his cunning? Remember his costume? Take out a picture of the Goblin and compare it to one of the Jackal. Especially compare the masks: the eyes, ears, even the costumes' colors are similar.

He knows Spider-Man's identity (pages 28, 30, ish #130) from the Goblin's papers.

Look at all the above-mentioned as evidence in the Parker-Spider-Man-Octavius-Osborn-Jackal-Hammerhead case.

Do I get a no-prize? If so, please send in a no-mobile in a no-marked envelope.

Harry Daniels
P.O. Box 205, Gilman Hall
Johns Hopkins U.
Baltimore, Md. 21210

Nope. Sorry, Harry, but no no-prize just yet. True, the similarities you point out between the late Green Goblin and the all too punctual Jackal are, shall we say, interesting. But they're hardly conclusive. And what's more, we found a Bullpen Page on page 28 of SPIDEY #130, rather than a

clue. And the Jackal didn't have to know Spidey's secret identity in order to get him involved in the Hammerhead/Doc Ock feud. That little bit of chicanery only required that the Jackal be aware that Pete and Spidey are acquaintances.

And besides, Mr. Daniels, even though we haven't peeked behind the Jackal's mask ourselves yet...we think you're wrong. But our thanks for a noble attempt. Better luck next time.

To Whom It May Concern:

Why did you move from 625 to 575 Madison Avenue?

MONUMENTAL MEMORANDA ABOUT MONSTER-SIZE MAGS!

STAN LEE'S SOAPBOX

There's so much to tell I don't know where to begin! By now you must have heard about our great new Giant-Size 35¢ comics—our fantastic new 60¢ Super-Size series—our dynamite one-dollar Collectors' Treasury Editions—as well as the half-dozen sensational new black-and-white 75¢ers with which of Marvel is taking the world by storm! In the past few months we've brought superheroes to the peak of their popularity—made a world-wide cult of monster masterpieces—given fantasy the greatest in sword-and-sorcery as well as magic, kung fu, and outsize science-fiction and supernatural chillers—and, believe it or not, we've only just begun! We've got whole brand-new series in the planning stages right now for older readers, for younger readers, even for readers who don't wanna read! As for our sensational TV and movie projects, I'll clue you in as soon as they're declassified top secret! But one thing remains to be done. Wouldja believe that FOOH has more than 25,000 members by now? There's never been such a block-busting fan club in the history of comicdom! We've gotta do something to celebrate—we want to do more than send you those fabulous FOOH mags every three months—but we're too busy writing and drawing the galaxy's greatest strips to give it enough thought! So how about helping your shy, modest Bullpen buddies? Let's start another mildly magnificent Marvel No-Contest, and award the usual priceless No-Prizes to everyone sending us a usable suggestion about what to do to make FOOH even better than it is. We know it's tough to improve upon perfection, but Marveldom Assembled won't let us down! Remember, FOOH is your club, so don't just stand there. Send your awesome inspirations and idiotic ideas to THE VOICE OF FOOH, c/o Marvel Comics, 575 Madison Ave., NYC NY 10022—and be grateful for the chance. After all, does The Pentagon ever ask you how to run the army? Also, be here without fail next issue because, if the Hulk doesn't lose his vitamin pills, I'll hit you with the most eagerly awaited announcement of the year—and that's on the level! Till then, fill your days with joy, your nights with peace, your life with love.

Excelsior!

Stan

ITEM! So you thought the biggest news to hit the comic-mag scene was our dramatic new line-up of 35¢ Giant-Size mags, eh? Well, close—but no cigar! 'Cause, starting now, we're adding still another species of monster-size masterworks to bedazzle you! Yep, we're talking about our sensational new 60¢ SUPER-GIANTS—a terrific trio of 100-page, extravaganza, each sporting a new, novel-length epic—more special features than you ever dreamed of—some of the mightiest Marvel classics ever—and each on sale four times a year! First and foremost of these is the SUPER-GIANT SPIDER-MAN, which is actually not simply a Spidey mag at all, but much more—in short, a bouncin' big brother to our regular-size MARVEL TEAM-UP hit! That's right—each issue of the SUPER-GIANT SPIDER-MAN will bring our wondrous wall-crawler face to face with still another of our ever-increasing array of stars. (Ish #1, in fact, spotlights the story you virtually dared us to print—as Spidey encounters the one and only COUNT DRACULA! How's that for openers?)

ITEM! What's more, the merry month of May will see the debut of the SUPER-GIANT AVENGERS, and in June we'll be bustin' out with a much-demonstrated SUPER-GIANT CONAN, a fit companion-mag to our smash 75¢er, SAVAGE TALES. If you want more details on our SPIDEY Super-Giant, just feast your eyes on our awesome ads, scattered thru our various issues—but whatever you do, wherever you go, don't miss out on this collectors'-item first issue, or you'll regret it for years to come! We have spoken—so there!

ITEM! Like we said above, we'll let our ads (and the mags themselves) do most of our talking for us, but this month also heralds the premieres of two more 35¢ thrillers you've been waiting for. First, there's GIANT-SIZE CREATURES—and no, Irving, that doesn't mean that everyone in it is over ten feet tall. It's simply that each and every issue sports 52 big pages—and the star of CREATURES is a certain WEREWOLF BY NIGHT who's taken Marveldom and Monsterdom by storm. (And if our hairy anti-hero isn't enough for you, wait'll you meet Tigra, the Were-Woman, in that selfsame issue!) A couple of weeks later, there's GIANT-SIZE SUPER-TEAMS #1, starring the dynamic DEFENDERS, no less, to place alongside the two 35¢ blockbusters which star Spidey and the fabulous F.F.I. Read 'em and enjoy, pilgrim—you've been waiting a long time for comic-mags like these—and so have we!

ITEM! Just for a breather from telling you about this month's new biggies, friends, howabout we give you a hurried hint about a brand new feature which begins in May, okay? It's called DEATHLOK, THE DEMOLISHER—with a story concocted and drawn by RICH (Swash) BUCKLER, and dynamite dialogue by Devil-May-Care DOUG MOENCH. We haven't got room to preview Deathlok's awesome appearance, but take it from us, he's gonna shock, startle, and stupefy—starting in ASTONISHING TALES #25! And that's a promise!

MARVEL MINI-ITEMS! Here's a personal tid-bit or two we thought might be of interest: First off, let's give a harried hello to Lethal LARRY HAMA, who takes over as artist of our new IRON FIST feature in the current ish of MARVEL PREMIERE. Larry's knowledgeable in karate, kung fu, and the martial arts in general—so look out, Shang-Chi, competition's on the way! • Speaking of kung fu, we've gotta tell you how pleased we are with Peerless PAUL GULACY, who's taken over our much-heralded MASTER OF KUNG FU title now that Judo JIM STARLIN's devoting his full time to his own rendition of CAPTAIN MARVEL. Paul, like Valiant VAL MAYERIK and Crafty CRAIG RUSSELL before him, is a former protégé of Dapper DAN ADKINS—who's become a regular Talent Scout out there in the wilds of Ohio! • Another too-brief tip of the hat to Dauntless DON PERLIN, whose work on WEREWOLF BY NIGHT (in both its 25¢ and 35¢ incarnations) is winning him a whole legion of fans. (Who knows? A few of 'em might even be human!) • Whee! Looks like it's Welcome-Aboard Month, as Debonair DAVE COCKRUM returns to the fold as embellisher of the AVENGERS. Dave's work on the Mighty Ones a few months back was wildly hailed by Marveldom Assembled—and this time it looks like he's back to stay! • Add the above names to the roster of new young talents who are swiftly growing to Marvel-ous maturity, a list which already includes AFFABLE AL MILGROM, (Santa) KLAUS JANSON, plus the other new lights we've discovered—or, more truthfully, who've discovered us, since we're nothing without 'em—and you've got at least a part of the reason why the 1970's are gonna be the Marvel Age of Comics all over again!

A SPECIAL PULSATIN! P.S. FROM YOUR BLUSHIN' BULLPEN! Upi! We had so much inside info to toss at you this month that we've squeezed our invaluable Checklist right off the page! So look for it this month in— you guessed it—the letters section of most of our much-lauded magal 'Nuff said!

Till next time—keep 'em flyin',
affend!

ANOTHER BOMBSHELL BULLPEN BONUS PAGE!

All right, long-suffering ones — this is it! The month when we finally start to unravel, before your wondering eyes, just a few of the groovy goodies which can be yours once you've amassed a complete set of all 100 MARVEL VALUE STAMPS.

As everybody this side of Irv Forbush knows by now, one of these mighty masterpieces appears in virtually each of our original-material mags, usually in our new two-page letters sections. Most MVS Stamps will pop up several times over the coming months — and, just to top it off, there's our mystery-shrouded MVS #100, which hasn't appeared yet and which'll be featured once and once only, in a mag we can't announce in advance.

We'll get around in a second to telling you what special benefits will soon be yours. But first —

Suppose for a moment you've already collected all one hundred MVS Stamps, okay? Now, you need something to put 'em in, right? Well, don't worry your touselled head, faithful one — 'cause miraculous Marvel will provide.

Fact is, we've already designed a super-spectacular MARVEL VALUE STAMPSBOOK, which includes a separate space for each and every MVS Stamp, as well as selected illos of some of Marvel's greatest heroes and villains. To receive your copy of this invaluable, irreplaceable Stampbook, simply fill out the coupon at the bottom of the page and send 50¢ for postage and handling, and it'll be winging its way to you by return mail.

What's more, each and every Stampbook will have its own special number — which'll be of ever-increasing importance as the weeks go by! Why? Don't ask — not yet, anyway. After all, we've gotta keep a few secrets for a while, don't we?

And that's not all: Just to make sure you feel you're getting your money's worth we're tossing in a SPECIAL BONUS POSTER, in full color, with each and every order! We can't tell you just what Marvel super-star it features, but take it from us — this is an offer you can't refuse!

Okay, so suppose it's a few short months from now, and you've got your Stampbook, with precisely one hundred MVS mini-posters pasted neatly into place. Now, besides just looking at it, and saving it for future generations to extol and admire, what else'll it get you?

Well, over the months to come, we've got a bunch of surprises up our sleeves, which we're just waiting to spring on you. But, here's the first benefit you may accrue, just to whet your appetite:

As you may already know, for the past nigh-decade, there have been colorful Comic-Book Conventions held all over the U.S.A. — as well as in Canada, England, and elsewhere — in fact, just about

everywhere that the comic-mag itself is in vogue.

These fan-oriented conclaves — which feature panel-discussions on the comics, big-name guest stars, back-issue comics for sale, etc., etc., etc. — are generally held at fine hotels and over a several-day period, and thus usually cost several dollars for admission alone.

Well, just for starters, two of the largest and finest of these conventions (often called "cons," for short), both of which have been going concerns for some years now, have cheerfully volunteered to give special discounts on admission to every person who shows up with a completely-filled MVS Stampbook!

Don't worry, though — you won't have to surrender the prized Stampbook itself, after all your hard work. The friendly toll-takers at each con will simply stamp a pre-marked place in the book, and you'll be able to keep the book itself — so that you can use it another day, another way.

Here are the first two comicons to make this offer:

(1) Easily the number-one, most prestigious, most star-spangled of all is the New York Comic Art Convention, hosted each year by fearless Phil Seuling at a major hotel in Manhattan itself. As you doubtless know from past Bullpen Bulletins Pages, this New York con attracts many of the most talented titans of the comic-book (and comic-strip) field; in fact, it's safe to say that at least half of Marvel's editors, writers, and artists will turn up sooner or later at this con, which is held each year over the week-end closest to July 4. In '74 a couple of guys named Rascally ROY THOMAS and Jazzy JOHNNY ROMITA — ever hear of 'em? — will be among this convention's major guests, hosting panels and answering questions about everything in sight.

For fuller info about this con, including the amount of the special MVS DISCOUNT, just send a stamped, self-addressed envelope to:

Phil Seuling
Box 177
Coney Island Station
Brooklyn, N.Y. 11224

And, that brings us to —

(2) The star-studded San Diego Comics Convention, to be held in sunny Southern California later this summer. (See? Just 'cause Marvel's editorial

offices are on the East Coast, that doesn't mean we've forgotten the rest of the country!) In addition to those Bullpeners and other comics pros who inhabit the western half of our fair land — including, for instance, Stainless STEVE ENGLEHART, Mischievous MIKE FRIEDRICH, Far-Out FRANK BRUNNER, and others — one of the San Diego Con's several Special Guests this year will be the selfsame ROY THOMAS listed above. Again, for the full scoop on this convention, including the MVS DISCOUNT and other dynamic details, just send a stamped, self-addressed envelope to:

Mr. Shel Dorf
P.O. Box 7531
San Diego, Ca. 92107

Got it? And, even as we pen these perishable words, we're busily lining up other cons, all across the nation, which in the coming year or so will offer MVS Discounts to everyone who presents a full MVS STAMPSBOOK at the door.

* * *

Now, an aside for those of you who can't attend any comic-book conventions, either on the coasts or in between:

Next Bullpen Bonus Page, we'll be cluing you in on still another amazing extra that'll be yours when that spectacular Stampbook is full to overflowing. And we're racking our brains, every day, to dream up even more sensational surprises.

What's more, since you may have a few ideas and suggestions about things that Marvel could offer you without making you send in your treasured Stampbooks themselves (which we know you'll want to keep and collect), we'd like to know about 'em. Just add your comments when you fill out the coupon below, all right?

Just one final reminder: Don't delay in sending for your Stampbook, if you're gonna take advantage of the conventions or the other dazzling discounts we'll be offering this summer and beyond. After all, it takes a short time to process your orders and for your specially-numbered copy to reach you by mail — and you don't wanna have to wait till '75 to jump on the bandwagon, do you?

We'll leave you with this deathless thought:

MARVEL VALUE STAMPS! Now, more than ever, "Value" is our middle name! End of plug!

You win! These cockamamey MVS Stamps are fillin' up my whole house — and I've gotta have someplace to put 'em! Please rush me my MARVEL VALUE STAMPSBOOK! I enclosed 50¢ in coin, to cover postage and handling, whatever that means! (And don't forget my FULL-COLOR BONUS POSTER, okay?)

"Look who's smiling now!"

Sometimes a man sets his ambitions high enough to make skeptics smile. But how often he gets the last laugh! "At the time I started studying with LaSalle, I was working as a factory clerk. Before completing the course I was transferred to cost accounting and my salary was increased by \$1800. Now, having completed the course, I'm in charge of the department and headed for the five figure bracket. LaSalle's course helped me pull myself out of a boring and ill-paid job into a position with many opportunities."

The words in quotes come directly from one of the pleased reports that are sent to us by LaSalle graduates. LaSalle files contain many letters from men and women who have increased their earnings with the help of LaSalle training. You, too, can prepare for the career opportunity of your choice through LaSalle home study — without interfering with your present work — and by devoting only a little of your spare time.
