OFFICIAL BASKETBALL OF
THE 1976 OLYMPIC GAMES

SPALDING
Top Flite 100

This ball is going to the Olympics.

You could, too!

Enter Spalding's
1976 Olympics
Sweepstakes.

GRAND PRIZE—a 3-day, all-expenses paid
Olympic weekend for four in Montreal!
200 Second Prizes—Spalding Rick Barry
Autograph basketballs!
2000 Third Prizes—Life size, full color posters of
Rick Barry in action!
Details and entry blanks at the Spalding Autograph
basketball display at your sporting goods dealer.

Take your pick from Spalding's
staff of Pro Superstars:
Rick Barry, Walt Chamberlain,
Pistol Pete®, Dr. J and Ernie D.

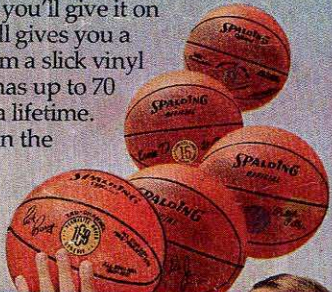

The official ball for the 1976 Olympics at Montreal
is the Spalding Top Flite 100, the number one basketball
in the world.

But its leather cover is not for your outdoor game.

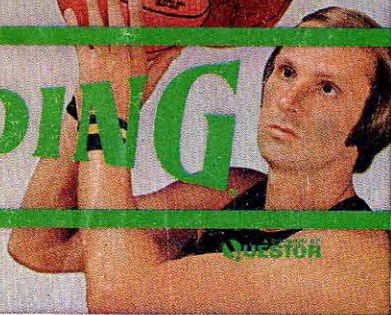

You need a Spalding Autograph ball with a tough
rubber cover that can stand up to the beating you'll give it on
those hard outdoor courts. An Autograph ball gives you a
tacky, sure-handed feel you just don't get from a slick vinyl
covered ball. And inside, an Autograph ball has up to 70
miles of nylon windings to keep it round for a lifetime.

Spalding Autograph basketballs. Made in the
same factory by the same people who make
the Olympic Top Flite 100.

Spalding. The name the game grew up with.

"Look who's smiling now!"

Sometimes a man sets his ambitions high enough to make skeptics smile. But how often he gets the last laugh! One outstanding LaSalle graduate writes: "Since enrolling in the LaSalle course, I have progressed from trainee to a management position at three times the income. I now have more confidence in my ability and can better communicate with top management. My future looks even brighter."

The words in quotes come directly from one of the pleased reports that are sent to us by LaSalle graduates. LaSalle files contain many letters from men and women who have moved ahead with the help of LaSalle training. You, too, can prepare for the career opportunity of your choice through LaSalle home study — without interfering with your present work — and by devoting only a little of your spare time.

LaSalle has been a leader in home education for more than sixty years, enrolling over 2,000,000 ambitious men and women in its many courses. You study under the supervision of LaSalle's experienced faculty. Upon satisfactory completion of your study, you receive the LaSalle diploma — a respected credential.

Mailing the LaSalle postage-paid coupon alongside may be the first step toward preparing yourself for a better job, and the many good things that go with success. Simply check the program in which you are most interested, to receive a valuable free booklet describing the opportunities in that field. There is no obligation. LaSalle, 417 S. Dearborn Street, Chicago, Illinois 60605.

The Mighty Meat Snack conquers The Horrible Hungries.

You've tangled with the Hungries before. They sneak up behind you at the library, and make your stomach growl until your face turns red. They strike when you're halfway home from school, at least ten minutes from the nearest sandwich.

If you want to be ready, next time the Hungries come around, try taking along your pocket-size secret weapon.

Slim Jim.[®] The mighty meat snack you can carry anywhere, and eat anytime. In six Hungries-conquering flavors - mild, spicy, pizza, bacon, salami, and pepperoni.

So pick up Slim Jim the next time you stop by the grocery store.

If you don't, and the Hungries get you, don't say we didn't warn you.

**A little less than a meal.
A little more than a snack.**

HEY GANG... READ THIS!

The Spiderman Ring is the result of space-age technology and the newly discovered Aura Process.[™] When worn on your finger, the Spiderman Ring actually comes to life and changes colors.

THAT'S RIGHT!!! The image in the Spiderman Ring actually changes five different colors. Sometimes he's green, sometimes he's blue, sometimes he's red, yellow or even violet. But that's only one of the amazing features of the Spiderman Ring.

IMAGINE THIS... After you take the Spiderman Ring off your finger, the image disappears.

THAT'S RIGHT... Like magic, the Spiderman image is gone from sight.

Everyone will want to know WHY??? ... HOW??? BUT ONLY YOU KNOW THE SECRET!!!

THE SPIDER'S WEB

© MARVEL COMICS GROUP, 575 MADISON AVE., N.Y.C. 10022

Dear People:

SPIDER-MAN #155 was...nice; but that's about all it was. After I finished reading it, the first thought I had was *Huh???* I couldn't believe that I'd just read 17 pages of a Marvel mag. It was over before I could even say, "Hail Hydra!" Also, the mystery was too obvious for Marvel—I'm sure Len can do better than that.

Finally, I have a request: Enough with the one-issue stories, already! We've had four of them since #150. Let's have some of those far-famed multi-issue sagas!

Maurice Barry

Box 249

Windsor, Newfoundland

Canada

You will, Maurice—you will! We've just come through a somewhat unsettling transition period with Spidey, but we're back on the track (as they say), and without undo webfare we can promise you that a wog-boggling amount of wonderment awaits ahead for our wall-crawler...and for you!

Dear Len, Sal, and Mike:

A couple days ago, I was looking through my collection of old Marvel books that have been discontinued, and I came across the excellent MAN-WOLF series that was featured in CREATURES ON THE LOOSE. In addition to some amazing stories by David Kraft and fantastic graphics by George Perez, that series involved a certain newspaper publisher we all know. The series was cancelled with a lot of loose ends up in the air, just as a great deal of stress was placed upon the emotions of J. Jonah Jameson. I think it would be a good idea to tie up that series here in SPIDER-MAN, following the plotlines left by Dave Kraft. Just what are your future plans for Man-Wolf?

As for SPIDER-MAN #155, it was a little disappointing. Len had his usual snappy and free-flowing dialogue, and Sal and Mike produced the kind of artwork that won Sal the last Irving Award for Best Penciller...but something was missing. I think it was because the plot was a little too simplistic. And none of the subplots were even touched on! Perhaps the plot had potential, but that potential wasn't realized like it was when Marv Wolfman did his whodunit in TOMB OF DRACULA several months ago.

Yet, there were some positive sides to the story. First, you've ended that unbelievable subplot from DAREDEVIL concerning the W.H.O. computer—even to the point of including D.A. Blake Towers. And you tied up that subplot in such a way that a future storyline is possible. Another positive addition to the tale was the introduction of Leroy Tallon. If only you had played him up more! Let's see him escape from jail and return.

So next we see the marriage of Ned and Betty? That's good. It's understandable that the wedding would have been postponed, what with the Jackal kidnapping Ned and all. I hope that this marks a return of Ross Andru. Sal does a fantastic job, but I like Ross' style on SPIDER-MAN. It's just too bad that John Romita hasn't been able to keep up with the inking chores. I assume that Sal stepped in to help while Ross was working on the SUPERMAN/SPIDER-MAN team-up. Am I right?

Speaking of that book, I'd like to congratulate you on your fine work. It was nice to see Gerry Conway scripting a story once more. My only complaint was that the two characters just

happened to bump into each other as if they had been living on the same planet all along. That's not so good for continuity.

Larry Twiss

227 Fox Run

King of Prussia, PA 19406

Whew! Despite the fact that we had to cut your letter somewhat due to space limitations, Larry, you've still given us plenty to talk about. We'll take it from the top:

Dave the Dude and Pacesetter Perez are completing the MAN-WOLF saga even as we speak, for two as-yet-unscheduled issues of MARVEL SPOTLIGHT. Once and for all, ol' fang-snout's origin will be revealed! Watch for it, folks.

Next, Lively Len assures one and all that subplots are back to stay—and how! He had so much straightforward storyline to cram into #155 that he postponed the regular subplots for that ish only.

And you're absolutely right about Ross Andru's unannounced absence here as regular artist; he was busily penciling the book that set the entire comics industry on its collective ear. Speaking of the SUPERMAN/SPIDER-MAN team-up, we've got an open debate going on here in "The Spider's Web" as to exactly how—if at all—it fits into the Marvel Universe. So get with it, gang (you, too, Larry!), and let us know what you think about the whole magilla.

After all, there could be a no-prize to end all no-prizes in this for the Marvelite with the best explanation!

Follow Free thinkers:

The story in SPIDER-MAN #155 was good. It really was. The multi-panelled cover left much to be desired, but the story was fast-paced and well-written. Too bad that fast-paced and well-written doesn't mean original, because "Whodunit" was the most Unoriginal thing we've ever read.

Now, don't get us wrong. We like Wein. We even like the story...sort of. It's just that we have to call it like we see it, and that type of tale isn't suited to Spider-Man. So we'll chalk it up to an error of judgement on Len's part, and let it go at that.

Still friends?

Warren Jones & Sue DuBois

316 E 77th Street

New York, NY 10019

Still friends! But only if you promise to let us know how you liked this issue, Warren and Sue. Fair enough? And that goes for the rest of you semi-sophisticated but suitably unabashed Spidey-ophiles. Otherwise, it just ain't fair at all!

And on that somewhat simple note, it's off we go. After all, it's 4 A.M. and we've got a bed to catch! See ya in thirty winks!

THE MAGAZINE THAT DARES TO BE DUMB!

AMERICA'S ANSWER TO THE BUBONIC PLAGUE!

THE WORLD FAMOUS NEW AMERICAN PHYSIQUE CHEST DEVELOPER

A FABULOUSLY SUCCESSFUL TOTAL SYSTEM FOR NEW BIG CHEST INCREASE

GUARANTEED YOU MUST INCREASE CHEST MEASUREMENTS 2 TO 4 INCHES IN JUST 14 DAYS OR YOUR MONEY BACK!

Why is this approach to muscle building world famous?—We are perhaps the only successful bodybuilders who concentrate on a big chest first and offer the complete total system in a complete kit. **NOTHING ELSE TO BUY!**

Results are not uniform and vary with user. You increase at your own pace.

For the man or boy whom fate denied a beautiful, strong body, help is here! How?—Our new easy system in complete packaged kit with our world famous pectoral chest developer lets you attain enormous chest measurements fast! Then at your own convenience, add a total of 6, 8, 10, 12, 16, 20 inches on your chest, back and shoulders.

Research has shown the chest is the dynamic focal point, the power center of the physique, around which your entire bodybuilding program can be structured. If your chest is small or scrawny, body development can be slow, almost never ending. When your chest becomes big, other muscles can be built up super-fast! A big chest first! Always!

Research shows people usually judge a guy by the size of his chest. Why?—Look around. Do guys parade about town in swim suits? No! Everybody wears clothes. While your other muscles can be hidden under clothing, a big chest stands out at first glance. Your stomach, thigh and leg muscles can be concealed under pants. Arm muscles can be hidden under sleeves. But a big chest is an attention-getter. It can indicate virility, dynamism and courage.

ONLY \$7.95
NOTHING ELSE TO BUY!

Guys with big chests command respect. A big chest warns: "Don't tangle with me!" Girls love to be seen with guys who look like winners.

STAN LEE'S SOAPBOX

Hoo, Boy! This'll be the shortest Soapbox on record! Yours truly just caught the flu! So, between sneezes and fever chills, there's just time to finally tell you the name of the third ORIGINS book coming your way this Fall. First there was ORIGINS OF MARVEL COMICS, then SON OF ORIGINS (both still on sale, of course, and doing better than ever), and now—the big news. No, it won't be called MOTHER-IN-LAW OF ORIGINS as so many of you predicted—though that might have been a zesty name, too—but, since it deals with the origins of the Marvel villains, we decided to title it—are you ready for this?—BRING ON THE BAD GUYS! I'll give you the line-up in an issue or two, soon as I stop sneezing. Oh, and thanks to Jaunty Johnny Conlin for arranging those two great lectures for me at Philadelphia Community College and Burlington County College. Two in one day was really a kick, John Boy. Finally, don't miss the big news next ish about Gerry Conway and Mark Wolfman! No, they didn't defect to the CIA! That's it, gang. And remember—let's be good to each other—we may not be much, but we're the only human race we've got! Now open the aspirin bottle and warm up the tea, Joanie—I'm headin' for home in high gear!

Excelsior!

ITEM! This seems to be the month for Mighty Marvel Milestones. True Believer! Not only do the old X-Men do battle with the new X-Men in the panoramic panels of X-MEN #100—not only does the long-remembered Wonder Man return to the palpitating pages of AVENGERS #150—but the fate of the whole blamed nation depends on everyone's favorite red, white, and blue Avenger, Captain America—and his high-flying action partner, the Falcon—stopping the dreaded Madbomb from blowing everyone's mind to Kingdom Come and back, in the pages of Marvel's Bicentennial treat to you: CAPTAIN AMERICA #200. If you miss this triumvirate of titanic tales, you'll only have yourself to blame, and we don't wanna give you a guilt complex!

ITEM! Speaking of milestones, this month also sees the second sensational set of MARVEL CLASSICS on your newsstand shelves. The literary greats

of yore, and the artistic masters of Marvel, combine to bring you such all-time favorites as GULLIVER'S TRAVELS, BLACK BEAUTY, MOBY DICK, and the ever-popular TOM SAWYER. No, don't thank us. You know how embarrassed we get.

ITEM! And that's not all, Wild Ones! This month we also present the latest and greatest MARVEL TREASURY EDITION, featuring the God of Thunder himself. Yeah, that's right. Goldilocks and his Asgardian buddies battle the Mighty Mangog in a full-length blast from the past! And, if you want to see what maniacal Mangog's doing these days, pick up the current issues of the regular, all-new THOR! Both are treats to titillate the taste buds of all True Believers. Thou shalt not miss this one!

ITEM! You've been asking for it! And never let it be said that we heed not thy requests! So, from now on, whenever you send for a subscription to any Mighty Marvel mag, your copies will be mailed to you flat—UNFOLDED! You'll find all the details in the subscription ad elsewhere in this issue. With this newest treat, there isn't a single reason not to get your Marvels by mail. Try it, and you'll be glad you did. Of course, your mailman might not be thrilled carrying about those thousands of extra subscription copies, but when he finds out they're Marvel mags, he'll be glad to do his bit to further the cultural revolution!

ITEM! With all the other specials winging your way this month, we don't want the following twin titles to be lost in the shuffle. This is the month we bring back an old friend, and try out a nutty new concept we think you'll really dig. So welcome back KULL THE DESTROYER, and say hello to THE MAN-BEAST CALLED... WOODGOD! Kull comes smashing your way from the combined talents of Rascally ROY THOMAS, Devil-May-Care DOUG MOENCH, Edwardian ED HANNIGAN and Smashin' STEVE GAN! And it features the wildest, weirdest sword-and-sorcery sensation this side of Cimmeria. WOODGOD, by Boisterous BILL MANTLO, KEITH GIFFIN and KLAUS JANSON, makes its appearance in MARVEL PREMIERE #31. He's a superhero, and not your garden-variety type, either. So take a peek at what may be the craziest character to come your way since that fateful day the gamma-irradiated Bruce Banner had his first transformation. While we're at it, let's give another plug to an upcoming mind-boggler from Marvel, namely the oft-mentioned new masterwork: The Man Called NOVA! It'll be hitting your newsstand this June, and we'll tell ya that everyone in the whole blamed

Bulpen is just wild over this brand-new superhero. Fact is, friends, we haven't seen so much excitement around here in years, as the gang wonders exactly when Marvelous MARY WOLFGAN, Big JOHN BUSCEMA, and Jottn' JOE SINNOTT will actually finish the balmy book! Even STAN the Man has caught the NOVA fever, by making this a monthly title even before the first issue comes out! That's how sure he is, and that's how sure we all are that you'll really dig this newcomer. So, join Richard Rider and company, for a trek into superhero action like you've never seen before!

ITEM! Lately we've been deluged with No Prize requests for everything from finding a spelling error that one of our infamous armadillos may have somehow let slip by, to discovering a fingernail missing on a character's hand. So, we thought we'd like to restate the philosophy behind the No Prize, here and now, where every Marvelite will be sure to read it! Nearly nobody likes to be a loser, and everyone likes to be a winner, so, if we give an actual prize for spotting some major mistake, there will be some losers who won't be getting anything. Therefore, we created, long before the dawn of man, or maybe a week or two after, the No Prize! Awarded for the discovery of some error of major proportions that cannot be explained by a Bullpenner, or for some meritorious feat of research, or for any act of Marvelism heroism, above and beyond the call of sanity! The No Prize eliminates losers, 'cause—how can there be a loser for a No Prize? And, for those of you who have never been no-prized, the incredible impact of the awesome honor, if and when you get it, will be one of the greatest events of your life—exceeded only by that fateful day when you learn about sugary bubble gum—or that girls are different from boys!

ITEM! Hey! We're running out of room, so we've got just one rhapsodical request. Y'see, we're trying to work up a list of all the college comic book courses that are being taught across the country, for sinister reasons known only to the High Armadillo. So, if ya know of one, attend one, or teach such a course, drop us a card, eh? Until next month, don't live in gloom—back FOO!

They're easy to put together!

No cutting, no carving, no painting. Finished parts are ready to assemble...fast! All you need is ordinary white household glue.

They fly great! These rubber-powered planes are aeronautically balanced and designed to give you the kind of smooth, long, quiet flights not available in other flying models.

They're durable! Made of tough special materials, Speedee-Bilt® planes are built to last. Light as a feather for better flights yet strong enough to withstand a lot of punishment.

See how many hours of flying fun you and your friends can log. Choose the Piper Cub, Cessna 180 or Citabria. They all come complete with: colorful, stick-on decorations; "pilot's check list"; assembly and flying instructions and a whole lot more. And they're available in stores everywhere.
