Moldy tuna fish is nothing compared to the scum you'll face battling Lord Contaminous and his gang of environmental thugs on your NES™ and Game Boy®. But you're Zen, a cosmic Ninja who's trying to prevent Earth from becoming a toxic wasteland.

On your NES, fight through 12 of the most hazardous levels you've ever seen, with horizontal, vertical and 3/4 view scrolling, plus fluid character movements that are hotter than a nuclear meltdown.

Then grab your Game Boy and Photon-Stick, and sweep through 4 treacherous spew zones until you reach Lord Contaminous, who is waiting to trash you at the final waste dump. No doubt, if you've got the guts, these will be your toughest chores ever!

BULLPEN BULLETINS

NEL TELLS

Over two years ago executive editor **Carl Potts**, VP Publishing **Mike Hobson** and VP Direct Sales **Carol Kalish** and I chowed down at a local eatery and laid the groundwork for what was to be the most ambitious comic book project ever undertaken.

The long-awaited and much talked about result will hit the shelves in April. We're calling it **EPIC BATTLES OF THE CIVIL WAR** and it is, I assure you, unlike any comic book you have ever held in your hands.

For me, editing this series became an incredible eye-opening journey down the darkest corridors of American history. A period when brother fought against brother, when former classmates stood opposite one another across the blood-soaked battlefields of a torn nation.

Working with a team of writers and artists who lived the many months of research and execution side-by-side with me and assistant editor **Richard Ashford** was historical heavyweight, *American Heritage*, which acted as consultant and opened its over-flowing library files for our use.

Each book, 96 pages in trade paperback format, covers the story of two famous battles. In addition to the spectacularly illustrated stories, we've included maps and text pieces to help you appreciate this very special reading experience. Each book also has a double gatefold cover that literally pulls you into the action and suspense of the battles.

The hype simply can't do this one justice. You'll be in the shops, anyway. Just check this one out and let us know what you think. You will not be disappointed.

NEL

— Nel Yomtov

A popular joke on the Blue Area of the Moon goes like this:

1st Inhuman: It's raining cats and dogs out there.

2nd Inhuman: How do you know?

1st Inhuman: I just stepped on Lockjaw! The joke is a lot funnier if you're an Inhuman. Actually, Lockjaw is a great dog. He's been working his tail off lately so we thought we'd throw him a skeleton (a bone just wouldn't cut it).

Just about the only thing a dog can't do is get into the new **Clive Barker** art exhibit at the Bess Cutler Gallery in Manhattan. The exhibit started on March 19 and runs through April 24.

THE BULL'S EYE

by Barry Dutter & Rick Parker

AT THE CLIVE BARKER EXHIBIT...

TAKE A LOOK AT THIS PIN-HEAD PAINTING! NOTICE THE SURREALISM... THE ABSTRACT NATURE... OF THE

By now, some of you may think we're Barker-ing up the wrong tree by talking about Clive's artwork. Not at all. In addition to tearing your soul apart with his literary and cinematic masterpieces, like **HELLRAISER** and **NIGHT-BREED**, Clive is also a very talented artist! Now is your chance to follow Clive from the netherworld to the art world, and see his original drawings of everyone's favorite Cenobite, Pinhead. Clive promises that all the drawings in the show are "fantastical," adding "there are things in the show that the Motion Picture

Association of America wouldn't allow me to put up on the screen." Clive is hard at work on his latest **HELLRAISER** sequel, as well as launching the all-new "Barker-verse" here at Marvel, and a monthly series featuring ol' Needle-Nose himself... Pinhead! Pinhead will be practicing his own brand of attack-upuncture starting this July. But don't worry about him — he's paper-trained.

A few Marveloids may have to do some paper-training of their own as they recently added some new puppies to their litters. First up is **INVADERS** artist **Dave Hoover**, whose wife **Karen** gave birth to a lovely daughter, **Laura**, a few months back. The baby showed up seven weeks early, and Dave's been workin' like a dog ever since, putting in many hard day's nights — and a few dog-day afternoons.

Pit-Bullpennor **Ariane Lenshoek-Pinheiro** (no relation to Pinhead) also recently celebrated the arrival of a new Invader into her home. Ariane left staff in December, so that she and her lovely husband, **Orlando**, could welcome little **Jade** into the world. (With a daughter named **Jade**, you can tell Ariane works as a colorist!) In addition to adding her magnificent hues (no relation to Adam Hughes) to **IRON MAN** each month, you can also find Ariane's inking in this year's **AVENGERS ANNUAL**.

Another hot dog who bolted from staff like a greyhound out of the gate is "Big" **Barry Dutter**, who recently had some book or other about television published with **Rick Parker**. The name of the book escapes us at the moment. These days, Barry is getting so much writing work, he's living in the deadline doghouse! Now that Barry is off the leash, **Mike Rockwitz** has collared a new assistant, **Joe Andreani** — which only goes to show that every dog will have his day and every cat gets nothing. Joe is perhaps best known as the intern who had his ankle broken under mysterious circumstances during a Marvel/DC softball game a year or so ago. Reports of Kryptonite on the field are still being investigated.

Those are all the bones we have to pick with you this week. Be here next time for another look into the Doghouse of Ideas!
