Okay, I know you don't want to hear this but pay attention, *deal* with it, because this is important.

I know you're scientifically inclined, and I know you don't want to believe that your powers are in any way totemistic in nature or origin. I get that.

But the paranormal or the unexplained is in every aspect of life. Church, physics, metaphysics, crop circles, Thunder Gods, Sorcerers Supreme, out of body experiences, extra-dimensional travel, the soul, art, music, Gaia, big green -- sometimes gray -- guys who should've died in gamma bomb bursts but just got real strong instead.

You can't isolate yourself from the whole world, and say none of it has anything to do with you just because that's the way you want it.

Maybe the spider that bit you was intended for you and you alone, maybe it was sent, maybe it was operating in a larger context. That's a connection going in to something more, something bigger.

Maybe the spider had nothing behind it at all, no meaning, no intent, no context, it just webbed its way into the wrong place at the wrong time. But that scientific event tapped into ideas and constructs and racial memories and powers that were here long before science showed up.

The Ashanti have stories of a Spider-Man that go back centuries. You could look it up. You can't deny that, it's an historical fact, it--

A historical fact.

What?

It's *Ah* if you can't hear the H, it's *A* if you can. *Ah* hour, *A* horse. It's a common mistake made by people who want to impress other people by--

Who's telling this story, me or you? I'm trying to explain that one way or another, whether it was intended or you backed into it, you've tapped into something old, something important! Don't you have anything to say about that?

"I don't suppose there's any food on this flight?"

Oh, hi, are you looking for Pete?

Ummm...yes, I thought this was his--

Oh, it is.

I think he may be out, though. He's always going and coming, all hours of the night. He must have a great social life --

"-- always on the go, in demand, you know how it is."

Yes, I suppose I do.

Well, if I see him, I'll tell him you were asking about him.

"If you ever need anything, my place is at your disposal, M.J. Mi casa, su casa."

I'm reasonably sure he must have said something like that at one time or another.

I think I'm going to throw up.

If you're going to throw up, dear, make sure you throw up into the bag, or--

No, dear, not *that* bag--

Oh, I see you decided to eat those peanuts after all...

There's no place like home... there's no place like home... there's no place like home...

"Yep... no place like home..."

Could my timing possibly be any worse? Unless she just put up that message to throw off the stalkers, the guys who think they're her husband.

Guys like me.

Unless --!

Haven't checked messages in days, maybe there's--

We're sorry, but the number you have dialed is no longer in service.

What?!

"Hello, New York Bell."

"Are you people out of your minds?"

"--paid my bill it's right there in your records!"

"Yes, sir, I see that on my screen, but the data has not been moved from our accounting files to our action files which is necessary before we can reconnect your phone service."

"This is--"

"I can assure you there's no need to use that kind of language, sir."

"And furthermore --"

"There's *no* reason to bring my entire family into this discussion, sir --"

"Listen --"

"-- and I've never even *seen* a camel in person. Your service will be reconnected in 48 hours, and if you have any problems with that, I suggest that from now on you be prompt with your payments."

"Click!"

In the vast wasteland known as Filgaia, an epic adventure is about to begin. Four drifters seeking fame and fortune must join together in pursuit of ancient treasures. At stake, control of the mighty elemental powers of the Guardians. But their quest won't be easy. Labyrinth-like dungeons, mythical monsters and mind-numbing puzzles await them around every corner. Can they overcome their differences and work together as a team? Will they unlock the knowledge and mystical forces in time to save Filgaia from destruction?

The first thing I smell is her perfume. Perfume and talcum powder and make-up and recently dry-cleaned clothing.

The smell of shaving cream and aftershave and roll-on.

I remember the day she bought that dress, with the first check she got from a full-page cover spread.

He wore that the night he took me to dinner at the Four Seasons, and found out he'd left his wallet at home and had to leave the jacket as collateral. He never wore it again, because it was embarrassing, but it was so cute and so funny.

I wonder.

I want to know.

But I'll never ask her. Never. Not if I get her back.

WIZARD

So what do you do?

LET THE VOTING BEGIN!

The 10th Annual Wizard Fan Awards are here and it's time for you, the comics fans, to determine what's the bestest of the best in the comics world from the year 2002!

Each little box below represents a different category. Each category contains five nominees determined through a WizardWorld.com poll.

- 1) Vote for one and ONLY ONE entry in each category. Multiple votes in any category disqualify the whole ballot. Please don't make us toss your ballots because of a stupidity factor.
- 2) What if you don't like the nominees listed? Feel free to take matters into your own hands and write in your own choice in the "write-in" category!
- 3) You don't have to vote in every category if you don't wish, and you only get to vote ONCE! All multiple ballots will be disqualified. That means none of your votes count if you try to cheat! And believe us...we'll know if you cheat.

Winners will be announced at the Wizard World Chicago convention which takes place on August 8-10!

Ready? Then grab an implement of writing and GO!

There haven't been any more reports about that...whatever she, it was, so Peter must have taken care of the situation. He'll be back. And I'll be here, waiting for him.

I want to see the look on his face when he finds me. See him smile again.

She always had such a great smile.

She has her own life now. A life that has nothing to do with me. The life she always wanted. She's moved on. She's happy now.

What the hell are you doing here, Peter?

KRAAAAKK

BOOOOOM

Jeez --!
Did it hit
us?!

It grazed us...I'm getting
irregular readings on the
electrical system.

Damn...
are we air-
worthy?

I think so, but
I'm not sure. I wouldn't
want to risk it, though, not
on a flight this long.

Nuts... This is your captain speaking... you probably just saw
that hammer of a lightning bolt that skinned the sur-
face. We don't believe it caused any damage--

-- but to be on the
safe side we're going
to put down for an inspection
of the electrical system. We
apologize for the inconvenience,
but airline safety regulations
require that we have full
confidence in our systems
before continuing.

Nuts. Just nuts. What
else can go wrong?

So if you'll
buckle up, we'll be
on the ground in
Denver in just a
few minutes.

MJ--

Pete?
What're
you--

Can we
talk?

I was...
I have a
flight--

I don't
care.

Me
either.

So
let's talk,
Peter. Let's
talk...
